PROFESSIONAL SUMMARY

Full-stack developer with hands-on MERN and Next.js experience, currently building production web features as an Intern Software Engineer. Independently designed, built, and deployed five full-stack applications covering authentication, real-time communication, payments, and AI API integration (Gemini, OpenAI). Strong Data Structures & Algorithms foundation in C++, with working knowledge of REST/GraphQL APIs, SQL/NoSQL databases, and Docker-based deployment workflows.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, C++, Java (fundamentals)

Frontend: React.js, Next.js, Redux, Tailwind CSS, Framer Motion, GSAP, HTML5, CSS3

Backend: Node.js, Express.js, REST APIs, GraphQL, JWT Authentication, Socket.IO

Databases: MongoDB, MySQL, PostgreSQL, Mongoose, Prisma ORM

DevOps / Cloud: Docker, GitHub Actions, Vercel, Render, AWS (fundamentals)

AI / APIs: Gemini API, OpenAI API

Tools: Git, GitHub, Postman

Core CS: Data Structures & Algorithms (C++), OOP, Database Design, System Design

EXPERIENCE

Intern Software Engineer — ScaleFull Technologies

Jan 2026 – Present

- Collaborate with the core development team to build, optimize, and maintain production-ready web products and scalable backend services
- Work on full-stack features, responsive UIs, and backend API integration

Junior Web Developer — Kanak Digifex NextGen Pvt. Ltd.

Feb 2025 – Mar 2025

- Built server-side rendered applications using Node.js, Express.js, EJS, and MySQL
- Developed backend controllers and database queries for core application functionality

Web Development Intern — Cloud Infotech

Jan 2025 – Feb 2025

- Developed responsive user interfaces using React.js and integrated REST APIs into MERN applications
- Debugged client-side rendering and application flows; participated in code reviews

Trainee — Full Stack Development & Java — Wisdom Sprouts / Java By Kiran / Cyber Success 2026 – Present

- Advanced technical training in full-stack development and Java, with aptitude and interview-preparation coursework

PROJECTS

HireWave — Recruitment Platform | React.js, Node.js, Express.js, MongoDB, JWT, Stripe, Docker, GitHub Actions

[GitHub](#) | [Live Demo](#)

- Built a full-stack recruitment platform with role-based authentication (JWT + bcrypt) for candidates, recruiters, and admins
- Implemented job posting/application workflows, recruiter pipeline management with status tracking, and resume-to-job matching
- Integrated Stripe Checkout and webhooks for featured job postings; deployed via Docker and GitHub Actions with Cloudinary file storage

ShopKart — E-Commerce Platform | React 19, Vite, Node.js, Express.js, MongoDB, Razorpay, Cloudinary

[GitHub](#) | [Live Demo](#)

- Built a full-stack e-commerce platform with product catalog, filtering, reviews/ratings, and inventory management
- Integrated Razorpay checkout with payment verification and a protected admin portal for orders and revenue analytics

MindEase — Student Wellness Platform (Solo) | MERN, JWT, Socket.IO, Gemini API, Redux, Mongoose

- Independently built a full-stack stress-level detection and wellness application with authentication and state management
- Integrated Gemini API for AI-powered functionality and Socket.IO for real-time communication

StartUp Sensei — AI Startup Mentorship Platform (Solo) | *React.js, Node.js, Express.js, MongoDB, OpenAI API, Socket.IO*
[GitHub](#) | [Live Demo](#)

- Built an AI-powered mentorship platform generating startup roadmaps and guidance via OpenAI API integration

ProjectHub — Academic Project Marketplace | *Node.js, Express.js, MySQL, MVC, Razorpay*
[GitHub](#)

- Built a full-stack marketplace for browsing, purchasing, and downloading academic projects with Razorpay payment integration
- Implemented MVC-based backend architecture, protected admin panel, and category-based browsing

EDUCATION

B.E. Computer Engineering

2022 – 2026

Shri Chhatrapati Shivaji Maharaj College of Engineering, Savitribai Phule Pune University (SPPU) — Ahilyanagar, Maharashtra

Overall CGPA: 7.98/10 | Final Year CGPA: 8.93/10

HSC — Maharashtra State Board: 83% (2022) SSC — Maharashtra State Board: 94.80% (2020)

LEADERSHIP & ACHIEVEMENTS

- **Technical Club President** — Led the college technical club during final year; organized and coordinated technical events and managed student participation
- **Google Student Ambassador** — Organized and promoted student-focused technical and community activities
